

**NEW..Low cost, mobile access control from SMI with..**

# The FX100 from Famoco

### EXPERIENCE

SMI has been developing and honing core competency in Mobile Product development for over 10 years.

### RELIABILITY

SMI's products and solutions are used in a wide range of industries, providing mission-critical reliability

### GLOBAL PRESENCE

SMI has products and solutions in over 50 countries around the world

**SMI specialize in Mobile Access Control and Identity verification.**

**We solve the problem of "How can you use a wall reader where there is no wall?"**

**Available solutions up until now have utilized costly rugged devices.**

**Whilst SMI continue to provide solutions to meet all environmental requirements, we are now proud to announce that the same functionality – integrated with the leading Access Control systems – is available at super-low cost.**
